PRESS RELEASE

Executive Aircraft Maintenance (EAM) **Establishes Glendale Aero Services**

Executive Aircraft Maintenance (EAM) of Scottsdale, AZ has opened Glendale Aero Services, a full service FBO at the Glendale, AZ Municipal Airport as of July 1, 2011. Prior to assuming FBO responsibility, EAM had provided aircraft maintenance services at the existing location.

In addition to maintenance and fuel, the FBO offers a full array of customer services including concierge services, rental cars, crew car, catering, pilot/flight planning lounge and aircraft storage.

Future plans include construction of additional hangar storage and maintenance space along with executive office space.

*General Manager: Jim Nordstrom
FBO Manager: Carl Brandenburg
Director of Maintenance: John Fisher*
